

BearClaw

**THE EUROPEAN
STYLE DUMPER**

DESIGNED SPECIFICALLY FOR HEAVY DUTY AGRICULTURAL AND CONSTRUCTION USE

- High clearance end gate for hauling stumps and tree branches.

- End gate flips into up position so stumps and branches don't get snagged when dumping. Easily closes for hauling stones and rocks.

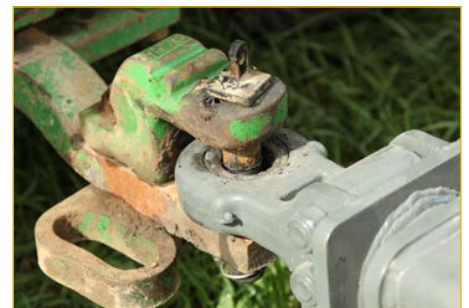

- Powerful hydraulic dump cylinder.

- Hydraulic hoses enter welded frame at base of tongue to reduce snagging of hoses.

- High quality BPW axles.

- Swivelling ball hitch reduces wear on drawbar.
